April 3, 1954

Mr. David F. Thomas
Longvave Listning Post
Radio Station WUMS
Proctorville, Ohio

Dear Dave;

It was with great pleasure that we received your recent letter of reception of WNRC.

Your information is entirly correct and so this letter will serve as VERIFICATION of your reception of WNRC on March 15, 1954 from 3:33 to 5:00 am EST.

At date we have received 50 reports from 25 states and 3 from Canada. Our most distand listner is from Spokane, Washington.

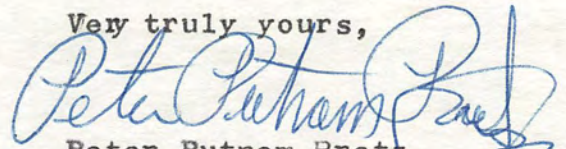

WNRC uses a Gates 500 watt transmitter and a 120 foot, non-directional antenna. The studios are Raytheon equipped.

We, the memebtrs of the Croton DX Club sure had alot of fun putting on the show for our fellow NRC memebtrs.

When I read your letter mentioning WNRC, Greenboro, North Carolina, you could have blown me over with a feather. What hppened to the call from 1929 to 1953 I do not know. WNRC stands for Radio New Rochelle, or if you like this better, "The Call Letters of The National Radio Club" (hi).

Well, so long for now, and the best of the better brahd of DX in the future.

Very truly yours,

Peter Putnam Bretz
for the ~~PTTPTT~~
Croton DX Club
