We have received your letter dated January 26, 1970 reporting your reception of WPAC. This letter will confirm your DX for your record.

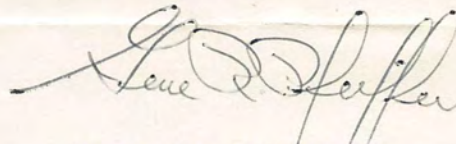

WPAC AM & FM is located in Patchogue, Long Island, approximately 60 miles from New York City in an easterly direction.

Our licensed daytime is 10,000 watts A.M. and 7,800 watts (ERP) F.M.

The station first signed on the air in December, 1951 and since that time has emerged as the most powerful media on the Island.

Thank you for your interest in the station and if we can be of service to you, feel free to call on us.

Sincerely,

Gene R. Pfeiffer
Chief Engineer
