Dear Mr. Thomas,

Sorry to be so long in answering your report, but was on vacation for a while.

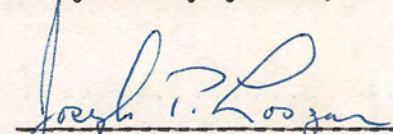

Am very happy to confirm your reception of WWRL-FM on July 10th. To my best recollection, yours is the first mobile report that we have received since going on the air last December.

Although we originally applied for 104.3 mcs, the F.C.C. assigned us 105.1 mcs, and we have been operating on 105.1 since we went on the air.

The reason why WWRL-AM is difficult to copy out your way is that our AM signal is beamed in the opposite direction from your location.

Very nice hearing from you, and we will welcome any reports you may wish to send us in the future.

Very truly yours,

Joseph P. Losgar  
Ch. Studio Tech.
