Dear Sir;

This letter is to verify your reception of WBBW on the morning of January, 29, 1951. Our Sunshine Special program runs from 5:30 to 9:00 A.M. with breaks for weather, sports, news.

About the time, well, our announcer is kind of tired at that time in the morning and he probably missed the time. One thing though I doubt if our time was off as it is Western Union controlled.

WBBW has an output power of 250 watts and we do appreciate any reports which are out of our general service area. We realize that since this is a local channel we have a lot of competition.

Thank you very much for your card.

Sincerely yours
