

WBEX

Shawnee Broadcasting Company

27 East Second Street

CHILLICOTHE, OHIO

September 23, 1947

Mr. David F. Thomas
Proctorville, Ohio

Dear Mr. Thomas:

Thank you for your card of September 8th acknowledging receipt of our equipment test on September 7th from 5:30 a.m. to 6:00 a.m. E.S.T. The information which you furnish shows beyond a doubt that you were receiving a WBEX test.

We are using a 250 composite transmitter with other equipment from RCA, Western and General which ever could give us reasonable delivery on what we ordered at the time. Our tower is a Wincharger, model 78, triangular guyed, sitting on a high hill and running up 160 feet. Ground system composed of 100 - 200 feet radials.

From reports received since we were on the air last Monday with regular programs, it seems that we are getting out in excellent shape.

Stop by and see us whenever you may come to Chillicothe again.

Yours very truly,

SHAWNEE BROADCASTING COMPANY
