Dear Mr. Thomas:

This will confirm reception of our signals, WCLT
operating on 1430 kcs. on October 19, 1952, at 3:30
to 5:00 P.M. EST.

I appreciate your reference to WIRE's signal. Their
directional pattern runs southeast from Indianapolis,
and thus their skywave would be far in excess to ours.

In examining my records I note that I confirmed your
reception of our FM transmitter on December 26, 1951.
Although you did not receive the confirmation, this
letter will confirm the acknowledgment of that date.
Your remarks and records are greatly appreciated.
Thank you very much for all the information furnished.

Yours very truly,

B. E. Windle
Chief Engineer
