

Dear Mr. *Thomas*

WDOK RECEPTION CONFIRMATION

Frequency - 1260 kc; Power - 5,000 Watts.

Hours of operation - 24 hours daily except Monday 0000-0600.
Directional array - five towers in line; each 198 ft. high.

Thanks for the report. It is surprising that WDOX would come in at all in your location - with our directional being what it is. I don't recall any other reports from your locality

Very truly yours,

W. E. Pettepiece
