Dear Mr. Thomas:

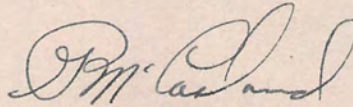

This is to verify your report of reception of W W S O
14 January 49.

Well, I see where we really get out. I have been telling
the fellows that we get out consistantly 60 miles but I
am afraid you are somewhat beyond that. Weather here was
35 degrees and cloudy.

We are using a Collins 300-G transmitter and feeding a
275 foot tower.

Thank you, David:

Sincerely,

G. R. McCasland,
Chf Engr.,
