Dear Sir;

We acknowledge with thanks your letter of Sept. 17th. commenting on the reception of our broadcast of last year.

Our transmitter is only a small amateur one of 10 watts power broadcasting on a wave of 255 meyers.

We operate regularly Sundays at 11 A.M. and 7 P.M. and a little later will broadcast Saturday night programmes again.

We appreciate your letter very much as this is the only return we get for our trouble and expense.

Yours truly
