Mr. David F. Thomas,
Proctorville,
Ohio, U.S.A.

Dear David:

Here at last is your verification from CFOS. Sorry about the delay in writing to you, but circumstances have prevented an earlier reply.

Thank you for your report on our Special DX Program of December 2, 1946. Your report is correct from 4:00 a.m. until 5:00 a.m. E.S.T. December 2, 1946 and consequently I am happy to be able to verify your reception of CFOS.

I hope to hear from you again when we change over from 1400 kes. to 1470 kes. We will be broadcasting another early morning program for all DX-ers when we change frequency and increase power to 1000 watts. This change over should take place about the first of March. However that is not definite. DX program will be broadcast within a few days after change over is made. Notification of the program time and date will be made well in advance.

Thanks again for your report, and wishing you the best of DX.

Sincerely,

Radio Station CFOS,

William E. Fulton
