Dear Sir:

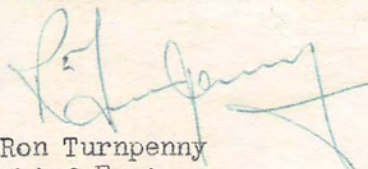

Regret that we have not sent this verification to you before but we have been building new studios here in Owen Sound and it has been a full time job. We were going to wait for proper QSL cards to be printed, but the delay has been too long in designing the card so I decided to get this typewritten report off to you. This will verify your reception of our special DX program, November 25, 1948 between 4:30-5:30 A.M.E.S.T.

I hope that we shall soon be putting on another DX program and that you again will be able to pick up CFOS as you did in the last DX program.

Wishing you best of luck and good DX.

Sincerely yours,
