Dear Mr. Thomas:

This letter is to verify your report of
our signal in *Ohio*.

The two voices you heard were those of George
Elliott, Station Manager, and Syd Townsend, Studio
Engineer. The program consisted of a selection of
popular and band recordings and also a brief description
of our City and its history, industries, etc.

We went on the air at approximately 4.12 a.m.
est. and signed off about 5.30 a.m. est.

Thank you for the interest shown in our
early morning broadcast and hoping you will contact us
again at some time in the future. We welcome your
comments about our reception at any time.

Yours very truly

Syd. Townsend,
Studio Engineer,
