Dear Mr. Thomas:

This is to verify your reception report of our station on 26th day of February, 1951, at 1:27 $\frac{1}{2}$ AM PST. Thanks for The report.

Sorry for the delay in verifying but I just returned from a 6 months tour of active duty in the Navy and quite a number of these reports piled up while I was absent. Have quite a number of reports of reception in that area during our regular bdcst day(6:30AM-12:midnight with anticipation of soon staying on until 2AM) in case you might be interested in such info.

We went to 5kw day, 1kw DA night, last April 29th so have nearly a year of operation as such.

Good luck in your DXing.

Yours truly,

William P. Grimes
