MR. DAVID F. THOMAS  
PROTORVILLE, OHIO.

Dear Mr. Thomas:

This letter verifies the reception you received of this station during the special DX program test on Nov. 21, 1955. Your log was accurate.

The studio is located in the basement of the Hotel here directly across the street from the PRR station about 100 ft. so you can see how easy it is to hear the trains. You speaking about the LN train broadcasts during the "30s" brought memories as I was a faithful listener to that train also.

Thanks a lot for your wonderful info on our signal.
