Mr. David F. Thomas  
Longwave Listening Post  
Radio WUMS  
Proctorville, Ohio

Dear Mr. Thomas:

Thank you very much for the report on the reception of WAMP as heard by you in Proctorville on February 23, 1959 from 3:56 AM to 5:00 AM EST.

We are happy to know that you were a listener to this special DX program broadcast for the National Radio Club.

Your loggings of the times and program material are in complete accord with our log and we are very pleased to send to you this letter of verification confirming your reception of WAMP.

Before our call was changed to WAMP, it used to be WJAS, and KQV was our sister station. WJAS and KQV were owned by the same company and had studios in the same building. The transmitters, located at another point, also were in a same building and shared a common antenna system. KQV was sold and now operates at another location here in Pittsburgh. WJAS was sold to NBC and became WAMP.

Here's wishing you good luck and lots of good listening and good DX.  
Best regards.

Sincerely yours,

  
Peter Gramba  
Transmitter Supervisor
