Arnold Wireless Supply Co.
Arnold, Pa.

Dear Sir:- Your report puts lots of pep into our "Little 50 Watt Station in the 50 Kilowatt^{ed} Town" and makes the 50 Watt bottle glow with joy. We wish to thank you most heartily, both the 50w bottle and myself. We float on a 254 meter wave with the Hartley Circuit from Arnold to ?

Arnold is a suburb of New Kensington which is located 20 miles along the Allegheny River, north of Pittsburgh. We will appreciate any reports of any improvements in this home made set and don't forget, that your cards enable us to get enthusiastic artists, who are pretty hard for us to get.

We give a midnight concert Saturdays and a concert at 7:30 P. M. Wednesdays.
Don't forget to write again OM. B73 CUL.

Signed F. J. Ambrose
