March 26, 1956

Dear DX'er:

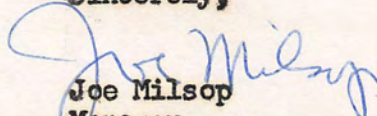

Thank you very much for your report on WCPA during our recent test for the National Radio Club. I hope you will pardon the use of a ditto type letter for this reply but the large number of letters make it almost impossible to answer each one with a separate letter.

As of this date, 17 states and Canada have reported. I never expected any return just like this.

May I also say "Thank You" for the very nice notes of appreciation that were included on the reports.

If we may in the future be of any service to the NRC please let me know. When at any time you are in the Clearfield area please come past and say "Hello".

Sincerely,

Joe Milsop
Manager
