Dear Mr. Thomas:

Many thanks for your interesting letter reporting your reception of our station during the early morning test transmission of February 27, 1967. The items listed are in accordance with our log.

Please consider this a confirmation of your reception. Our QSL card is also enclosed. We trust you will add it to your collection.

More than fifty reports were received. Three from Florida, one from Houston, Texas and one from Colorado. Bob Foxworth sent us a tape recording made in Raleigh, N. C. where he had tuned CHML out almost completely. Considering the rather poor general conditions, we felt the morning was a success.

Very best wishes and continued good listening.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Cooper".
