

RADIO STATION WEND

1580 Kilocycles • 1000 Watts

P. O. BOX 237
EBENSBURG, PA. 15931

February 5, 1970

Mr. David Thomas
Radio WUMS
Tampa, Florida 33610

Dear Dave:

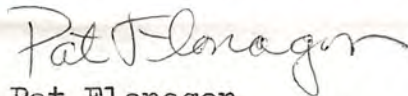

Please accept this letter as official verification of your reception of WEND on January 26, 1970 from 2:35 to 4:30am EST. It is a pleasure to confirm your reception in the Sunshine State. We received one other report from Florida, that from Jerry Conrad in Haines City.

The test was a great success, despite the interference. Reports of reception all the way to Hawaii. Also many reports were received from the West Coast. In all we received some 50 reports from 22 states and Canada.

WEND is licensed to operate daytime only with a power of 1000 watts and a Canadian restricted power of 250 watts, non-directional. At the time of your reception we were running 1000 watts.

Thank you very much for taking the time to listen and write to us, it certainly is appreciated.

73 and continued good DX,

Pat Flanagan
