Mr. David F. Thomas

Proctorville, Ohio

Dear Mr. Thomas,

We are pleased to verify your report on the reception of WHUN's D-X program, December 8th. We realize the conditions were not conducive to such type of programs, but we are happy to learn that you could log WHUN through the maze of QRM. The information submitted is correct, so it was really WHUN you were hearing.

The reports of the stiff competition were quite surprising to us. It was our understanding when the time and date were set the 1400 channel was to be fairly clear. Some of the other stations on the same channel were waiting the opportune timetotoo. Considering all pros and cons, the results were gratifying. We can always look forward to a better opportunity next time.

Thanks again Mr. Thomas, for the report. Seasons Greetings from WHUN, 73's es CUL.

Cordially yours

*James Hopewell*
