Mr. David F. Thomas
 Longwave Listening Post
 Radio W.U.M.S.
 Proctorville, Ohio.

Dear Mr. Thomas:

Many thanks for your recent letter reporting reception of our signal on the night of January 31st, 1955 broadcasting a special test for the National Radio Club.

Your report was correct in every detail and we thank you for reporting our test in your area. We have received excellent reception reports from twenty-six of the states to date plus two from Canada. Ohio was well represented in our test broadcast, seven other letters being received along with yours from Proctorville.

We plan to have another such test in several months, possibly starting at a later hour in order to get away from the west coast interference of KXLY in Spokane, Washington. During this past test we did make the west as good reports have come from California, Washington and Oregon.

Many thanks, David for your nice letter, easily one of the best to read and good luck at W.U.M.S. in the future. Hope we might have the pleasure of hearing from you later in the year.

Very sincerely yours,

CENTRAL PENNSYLVANIA
 BROADCASTING COMPANY

Bob Hyle
