Dear Mr Thomas,

Thanks a lot for your report of reception of WTRN, Tyrone, Penna. on the morning of March 7, 1960. Please consider this as official confirmation of your reception. I have checked the station log for the morning of March 7, and sure enough.....our sign-on man made it on at 4:00 AM sharp.

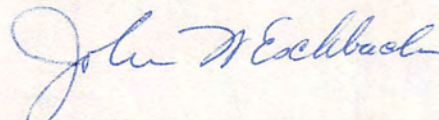

WTRN just recently began signing on at 4:00 AM. February 23rd in fact, and we're still getting reports from all over the East. Have reports in front of me from Cleveland, Long Island, N.Y. and from Seymore, Conn.

Normally we wouldn't be signing on at such an early hour or the morning but we found that hardly anyone was using our 1290 frequency between 4:00 AM and 6:00 AM. Naturally, we jumped right up at the chance to be heard at a little greater distance. And, believe me, we have.

Perhaps you'll keep us informed in the future as to reception of WTRN in your area.

Again, thanks a lot from all of us here at WTRN.

Sincerely,

John W. Eschbach
Production Manager
