ON YOUR DIAL

February 20, 1954

David F. Thomas  
Long Wave Listening Post  
Radio W U M S  
Proctorville, Ohio.

Dear Dave:

It is with pleasure that I confirm your reception of WVPO on 840Kcs. from 4:30 to 5:05am on Feb. 9, 1954. Enclosed is our verification card.

Many thanks for the fine letter and report Dave. The dope about WUMS is very interesting. I didn't know such a station existed. I'll bet the FCC faces were red after the hearing.. You really got out with the power that you had. Nice work. I'm afraid conditions were a little poor the night of our test here. We had a thunder storm on Monday afternoon and the weather was warm, Just like spring. Most all of the reports that I received complain of a lot of static. So far I have received 30 reports from 16 states and Canada. The best is from Spokane, Washington.. Maybe next year I'll be able to arrange and get on with a test in the middle of January when it is good and cold and conditions are better..

Wishing you lots of future dx and fun on the field trips. You sure see a lot of the country. 73s.

Sincerely

Ernest R. Transue  
C.E. WVPO
