

January 20, 1962

Mr. David F. Thomas  
Longwave Listening Post  
Radio W.U.M.S.  
Proctorville, Ohio, U.S.A.

Dear Mr. Thomas:

We are finally submitting verification report on our special broadcast conducted on December 11, 1961 from 5:00 to 5:30 A.M. A.S.T. for members of the National Radio Club.

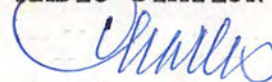

Please excuse us for the delay in answering as the work load on these days has been quite heavy. Also excuse us if we can not answer each and every one of you in a more personal manner as we have to prepare twenty two verifications.

There is no doubt that you caught our signal well and that our special program was heard by you on our frequency of 1170 Kc. and our 250 watt power.

We were happy to conduct this program for the second time and hope that all of you have obtained the results desired.

Happy listening,

RADIO STATION WLEO
