OWNING & OPERATING
RADIO STATION
CKNC
TORONTO

805 DAVENPORT ROAD
TORONTO 4, ONT.

BRANCH OFFICES
MONTREAL
WINNIPEG
CALGARY
VANCOUVER

November 5, 1932.

Mr. D. F. Thomas,
Proctorville,
OHIO.

Dear Mr. Thomas:

We have your card of the 3d instant, and in reply would explain that some years ago when Radio was in its infancy in Canada, several Toronto citizens formed a Radio Research Society, and secured a license to broadcast on CKNC's wavelength with call letters CHNC.

Members of our Company were officials of this Society, and so when we required a further station we decided to apply for the same call letters, CHNC, although this station is now operated by us on the 840 k.c. wavelength in addition to CKNC on the 960 channel.

CHNC is operated now for an entirely different purpose than when the call letters were given to Radio Research Society, and has no connection whatever with the Society which is now extinct.

Yours very truly,

EVEREADY STATION CKNC.

H.M. Badger

Radio Secretary.
