Mr. David F. Thomas,
Longware Listening Post Radio WUMS,
Proctorville, Ohio,
U. S. A.

Dear Mr. Thomas:

I was very pleased to receive your letter concerning our broadcast of January the 28th for DX'ers. A check-up of identification time proves that you were absolutely correct in saying that you were listening to our station.

We are very happy to see that we were listened to from so far away as your town and another from Brooksville, Mr. Milton C. Bay and also one from Walnutport, Pennsylvania, Mr. Kermit Geary with a heavy concentration of radio stations in that section.

After all, our station is only 250 watts but seems to carry quite a distance.

Yours very truly,

Benoit Vanier,
Manager.
