WHJY FM94

5 January 1981

David F. Thomas
1212 E. Comanche
Tampa, FL. 33604

Dear Mr. Thomas:

I'm happy to verify your correct report of the WHJJ test broadcast on 29 December 1980.

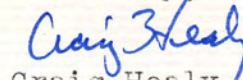

The test was broadcast with 5000 watts non-directional from 4:00 to 4:30 AM EST.

The spanish language station you mention could have been "Emisora Fuentes" in Colombia. It has been widely heard of late, but I don't know if they run all night.

As of today, your report and one from Wisconsin are the most distant.

Thanks for your report.

Cordially

Craig Healy, Tech Dept.
