

Confirming your reception of signals from  
W.R.S.A. on October 24th inst, Thank you for  
your report on same we are using quarter wave  
vertical antenna, once used as ship mast on  
racing sloop Enterprise defender of Americas  
cup against English contender Shamrock IV in  
1930, Mast is fabricated duralumin, only one  
of type used in radio field.

M.W.Sneed.
