David F. Thomas  
Proctorville, Ohio

Dear Mr. Thomas:

This is to verify your report of reception of Radio Station WBCU during a special test transmission March 20, 1950, between 4:04 AM and 4:34 AM. Your program report was exactly as logged for that broadcast and was most interesting to all of us here at WBCU.

We were very pleased with the response from DX's throughout the United States and Canada. It was helpful and interesting to know just how far and how well our kilowatt will get out of South Carolina.

Thanks a lot, good listening and 73's.

Sincerely yours,

Thomas W. Weathers  
Chief Engineer
