Dear Mr. Thomas:

Your reception report has been under study for some weeks by every member of our staff, one was requested to keep control of herself after a severe case of giffles. Not to imply your reception was humorous, but it was unusual.

We have received few reports from Florida.

WKYB is 5,000 watts non-directional, daytime only. We are less than one year old and are located on the coastal plain of South Carolina approximately forty miles south of Florence, S.C.

We wish you coninued success in the unusual use of our signal.

Yours truly,

A handwritten signature in blue ink that reads "Donald Hastings".
