

Dear DX listener:

This will acknowledge your communication regarding our regular scheduled program for the F.C.C. We are very happy, indeed, to hear from you and also the information which you give us is of value to us from the standpoint of how we are going out, interference, coverage, etc. Our next scheduled program is on the morning of March 3rd.

We hope that you will find time to listen in at this time and give us a report. Please pardon the delay in answering but we have been so short of help at this time, it is almost impossible to get around to do things.

Yours very truly,
KWAT, Radio Station
