January 5, 1949

Mr. David F. Thomas  
Proctorville,  
Ohio

Dear Mr. Thomas:

We are pleased to verify your report of reception of Station WATO on Sunday, November 21, and wish to thank you for the detailed information contained in your card. Complete reports, such as yours, are very valuable to us.

The program to which you were listening is the WAX SHOP, our weekly recorded and transcribed "request" show, on the air from 11:15 Saturday night until approximately 3:30 Sunday morning.

The equipment used here at WATO is the Raytheon RA-250 Transmitter, and the Wincharger 155-foot Antenna, fed by 1500 feet of four-wire, 200-Ohm Transmission Line.

Thanks again for your letter, and your good wishes. We hope you will be able to tune in WATO again soon.

Yours very truly,

RADIO STATION WATO

James R. Wilburn  
Chief Engineer
