

February 9, 1954

Mr. David F. Thomas
Proctorville, Ohio

Dear Mr. Thomas:

This is to acknowledge that you were on the right station and the right frequency on the morning of February 1.

You make mention of the fact that your first verification of WHBQ was in 1931, at which time, you might be interested to know, we were a 200 watt station; and your second verification in 1939, we were a 250 watt station. March 11, 1949 we went to 5000 watts. So, as you see, you caught us in the various stages of our growth.

Sincerely,

RADIO STATION W H B Q

Dick Covington
Program Director
