Proctorville, Ohio

Dear Dx'er:

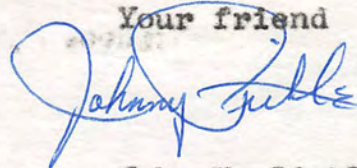

We would like to verify your report of reception of WLAR on Monday, December 28th, 1959.

WLAR Radio, 250 watts, fulltime on 1450 kilocycles, was very happy to conduct the special program for MRC, and it was certainly a privilege for us to emcee same.

REMARKS-First, David, let us say thanks for a very complete report. This 'honest Dx show' was aired at the request of the National Radio Club, and to date we have received 2 reports from Amarillo, Tex., and 3 from New Zealand. So, you see, for a 250w station, we didn't do too badly. (we had to fight WJXN' Jackson, Miss.-WSKP, Miami,-andWILM, Wilmington, Del, to name the stations mentioned in reports rec'd here.)

Thanking you again for your report, and wishing you continued success in your wonderful hobby, I remain

Your friend

John W. Pirkle
Announcer
WLAR, Athens, Tenn.

Sorry I can't supply you with the addnal info asked for. This is my first dealing with DX'ers. if you can think of any specific questions write and I'll try to ans. Best of all in '60.
