Office of
O. L. TAYLOR
President

AMARILLO, TEXAS

November 4, 1942.

Mr. David F. Thomas,
Proctorville, Ohio.

Dear friend David:

Thanks very much for the detailed report on reception of program broadcast by our station.

On basis of items noted, KGNC is pleased to verify this reception - 7:00a.m. to 7:15a.m. Nov. 1, 1942.

We had the misfortune, two weeks ago, to suffer a direct lightning hit on our 375 ft. vertical radiator. As a consequence, our tower tuning house (dog-house), and antenna network were destroyed by fire.

We have rebuilt the destroyed items, and are pleased to know that we are getting out so well. FI measurements taken here showed that our signal was up to par, and your fine report verified same.

Thanks again, David, and hope you hear us loud and often when WHIS and WHK give us a chance.

Sincerely yours,

KGNC Engineering Dept.
