JOE THOMPSON
General Manager

January 9, 1958

David F. Thomas,
Proctorville, Ohio

Dear Mr. Thomas:

Thank you for your fine analytic report on our signals up there in Ohio. That blasted mexivan station sure does interfere with us a good bit in certain locations. There are places however, that we punch thru a bit,

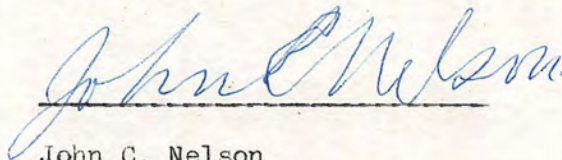

This letter will confirm reception of this station on December 11,, 1957 at 1:30 AM. to 202 AM. Mountain Standard Time on 690 kilocycles.

We are running all night except every other Monday morning between 11:00 PM Sunday night and 5:30 AM. Monday.

We have been getting a fair number of DX reports from quite a few points around the country.

Sorry to be so long answer your FB letter, but technical difficulties prevented me from doing so before.

Sincerely,

John C, Nelson

Engineer, KHEY
