KTBB

BLACKSTONE BROADCASTING Co.

TYLER, TEXAS

March 17, 1953

Mr. David F. Thomas
Radio W.U.M.S.
Proctorville, Ohio

Dear Mr. Thomas:

Please accept my apology for the delay in answering your DX report.

It is a pleasure to verify your reception of KTBB December 18, 1952 from 3:47 to 4:00 EST (AM).

Your asked about our signal going out at 4:00--- we changed from 500 watts Non-directional to 1000 watts directionnal antenna. You read it right, we run more power on night-time directional than during day with non-directional. The directional pattern is north-west and south-east, putting Ohio in a null.

Yours for good listening
