Longwave Listening Post  
Radio W.U.M.S.

Dear Mr. Thomas:

The staff and management of KVOZ wish to send their sincere appreciation to you for your attempt at reading our signals. Undoubtedly the QRM was just too much, particularly from WSRS. The music you heard in the background could also have <sup>been</sup> a station in Cuba; they are on our frequency also.

For your interest, I would like to say that KVOZ is attempting to change to 1240 kcs., and this may make is very possible for us to hear from you often.

Once again we wish to express our thanks to you and the members of the National Radio Club.

Sincerely,

*Francis A. Manuel*
