Dear Mr. Thomas,

Thank you for your reception report on our tests of Dec. 19, 1966.

Your information is substantially correct and we were pleased to learn that our **signal** came through in your area. Yours is the 18th such report we have received resulting from our test. Almost all mention the Ontario station on 1550 kcs.

Thank you for taking the time to give us this information. I wish you a prosperous New Year.

Yours very truly,

F. Pat Craddock, C.E.
