Dear Mr Thomas,

I recieved your reception report of KWEL's Tuesday AM broadcast along with many others from all over the US. I am happy to hear that our reception was so good in your area.

KWEL is a 1000 wattt independent in Midland, a city of about 60,000. It is the newest of three stations here, our first birthday aproaching April 5th. We are strictly a good music station. By good music I mean NO rock and roll and NO western.

We are very small staffed and therefore I cannot devote very much time to answering these. I hope you'll understand.

Thank you once again, with every hope for your continued sucess in DXing

Yours Truly

George A. Kipper
