Dear Mr. Thomas:

We wish to express our appreciation of your report and to verify your reception of WAVY on December 31, 1956, between 4:55 A.M. and 5:15 A.M.

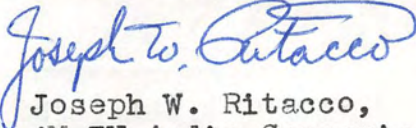

Yes, we are on a highly directional pattern, both day and night.

In regards to your inquiry about TIDEWATER -- it is a blanket title given to this area and includes Portsmouth, Norfolk, Newport News and all surrounding communities. We have been called the TIDEWATER area for many, many years.

Any future correspondence may be addressed to either our Norfolk or Portsmouth office, and will receive our prompt attention.

In checking back over our files, we find that we do not receive a great many reports from Ohio, so wish to again express our gratitude for your report.

Sincerely yours,

Joseph W. Ritacco,
AM-TV Audio Supervisor
