Mr. David F. Thomas  
Proctorville, Ohio

Dear Mr. Thomas,

Your card acknowledging the receipt of our signal on February 14 was received and we wish to thank you for your card and also verify your reception of our station.

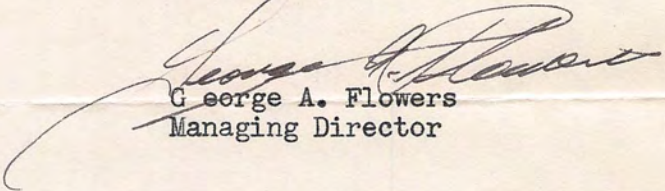

You report checked with our program and transmitter log and what you got seems to be entirely correct, also the names were right.

Our station is located one mile north of Culpeper and our geographical location is as follows: N. Latitude- 38 degrees, 29 minutes, 4 seconds, W. Longitude- 77 degrees, 59 minutes, and 22 seconds. The antenna is 180 ft. with 180-120 ft. radials.

The equipment used here is Gates and our transmitter is No. BC 250 GY.

Thanking you again for your acknowledgment, I remain

Sincerely,

George A. Flowers  
Managing Director
