Dear Sir:

This will verify your report of reception of WFVA on 1230kc

During NRC DX Progam at 0400-0500R, 2/20/56

Not surprised WNOR Thank you.

QRMs. Their ground radials
in salt-marsh; We ditting
on 2.5 avg. conductivity
gravelly terrain. I'm great believer in good ground
conductivity, even for sky-wave propagation. 73 jcm
