Dear Mr. Thomas:

We received your letter as of December 4, 1950 and appreciate hearing from you, but due to the element of time it has been impossible for me to get around to answering your letter.

At the same time you were listening to WHAW a fellow by the name of Murray S. Lamont, 22 Passmore Cres., Dunedin, New Zealand gave me report approximately the same as yours. I thought I would pass this information on to you as it was very interesting to me.

Yours truly,

George Waggoner
Chief Engineer
