

W S S V

"We Serve Southside Virginia"

- PHONE 3881
- 112 WEST TABB STREET
- PETERSBURG, VIRGINIA

June 20, 1945

Mr. David F. Thomas,
Official Longwave Listening Post,
Proctorville, Ohio

Dear Mr. Thomas:

We would like to verify your report in all essential details; W S S V operates with a power of 250 watts, 1240 kilocycles. The announcer whom you heard was Milt Firth.

W S S V is a new station and has no connection whatever with W P I D. Sorry that eliminates a confirmation of your previous report.

W S S V has been in operation since May 7th, and is affiliated with the Mutual network. We are on the air for an unlimited time, week days 6:30 A. M. to 12:00 M., and Sundays 8:30 to 12:00 M. Perhaps you will be able to pick up our signal some Saturday night after midnight, as this is the time we do our frequency checks.

We are very happy to hear from any of you DX fans, and it is very gratifying to us to know that we are heard so far from our home State, Virginia.

With very best wishes, we are,

Sincerely,

W S S V

Edward F. Schwarz

Edward F. Schwarz,
Chief Engineer
