Dear Mr. Thomas,

I wish to confirm the reception of your letter dated February 27th . I wish to confirm your reception of our signal on the date and time as stated on your letter. We were on the air a little early at that time in order to be picked up easily by a monitoring service in Maryland for a frequency check.

Always happy to receive a letter from you fellows and glad to acknowledge your reception, if we really were 'on the air' at the time you say.

Sincerely yours,

*Chas. Charnesky*
