Dear Mr. Thomas;

Thanks for your nice letter of the 16th, it's always interesting to hear from DX listeners.

I'M pretty sure that it was us that you heard, as we were on the air at that time for a frequency check with the RCA monitoring station at San Francisco. This is a regular schedule and we go on the air for about 15 min to half an hour the second and fourth monday mornings of each month. Starting at 12:30 am our time.

We are a daytime only station located in a college town, and only about eight miles from another college town (Moscow, Idaho) As an independent station we rely quite heavily on recorded music, but are occasionally able to get some excellent tapes of music from the two schools.

Sincerely yours,

Len Southworth
