David F. Thomas  
Radio W. U. M.S.S.  
Proctorville, Ohio

Dear Mr. Thomas:

This letter is to acknowledge the report received from your listening post as to the reception of our station on the morning of Feb. 20, 1950 at 12:00 to 1:00 A.M. when we conducted a special DX pgm.

We have checked your report against our pgm log for the above date and find it to be correct. We therefore verify your reception of our station and wish to thank you also for your detailed technical report on our performance and conditions prevailing at that time.

We also wish you a great deal of luck and continued interest in your fine hobby. Since our verification cards have not been received from the printers yet, we hope this letter will prove satisfactory in giving you proper verification credit.

Sincerely,  
*Roland Kissler*
