

Station KVL - Seattle, Wn.

Dear Sir;

Feb. 9-35

This card is to verify that you heard this station KVL, Smith Tower, on the morning of Feb. 4-35 as your reception, what little you sent to me seems to coincide with our program for that date. You are mistaking about "The Isle of Capree" as we did not play that number. However we did play instrumental music, although you didn't say what kind. No we do not have any more all night programs on this station. Thank you so much for your interest, and hope to hear from you again sometime in the near future.

Broadcastingly yours

*Rose Marie Dailly*  
*Program Director*
