

State College of Washington

Radio Station KWSC
Pullman, Washington

Dear Listener:

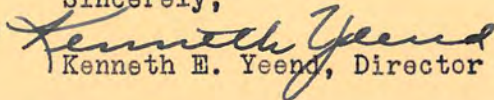

This will confirm your report of having heard our broadcast on Feb. 25. Your report checks with our log.

KWSC presents its Midnight Extra program the last Saturday night of each month from midnight until 3:00 a.m., PST. We broadcast on 1220 kilocycles with 5000 watts.

This is one of the oldest stations in the United States. It is interesting to note that more graduates have been placed in commercial radio from this institution than from any other educational institution in the United States.

Thank you for your report. Tune to us again.

Sincerely,

Kenneth E. Yeend, Director

Sorry, no KFAE letterheads around any more. Some here still remember the call letters though.
